In Fond Appreciation Of
The Reverend Clyde E. Beatty

infectious smile

integrated talents

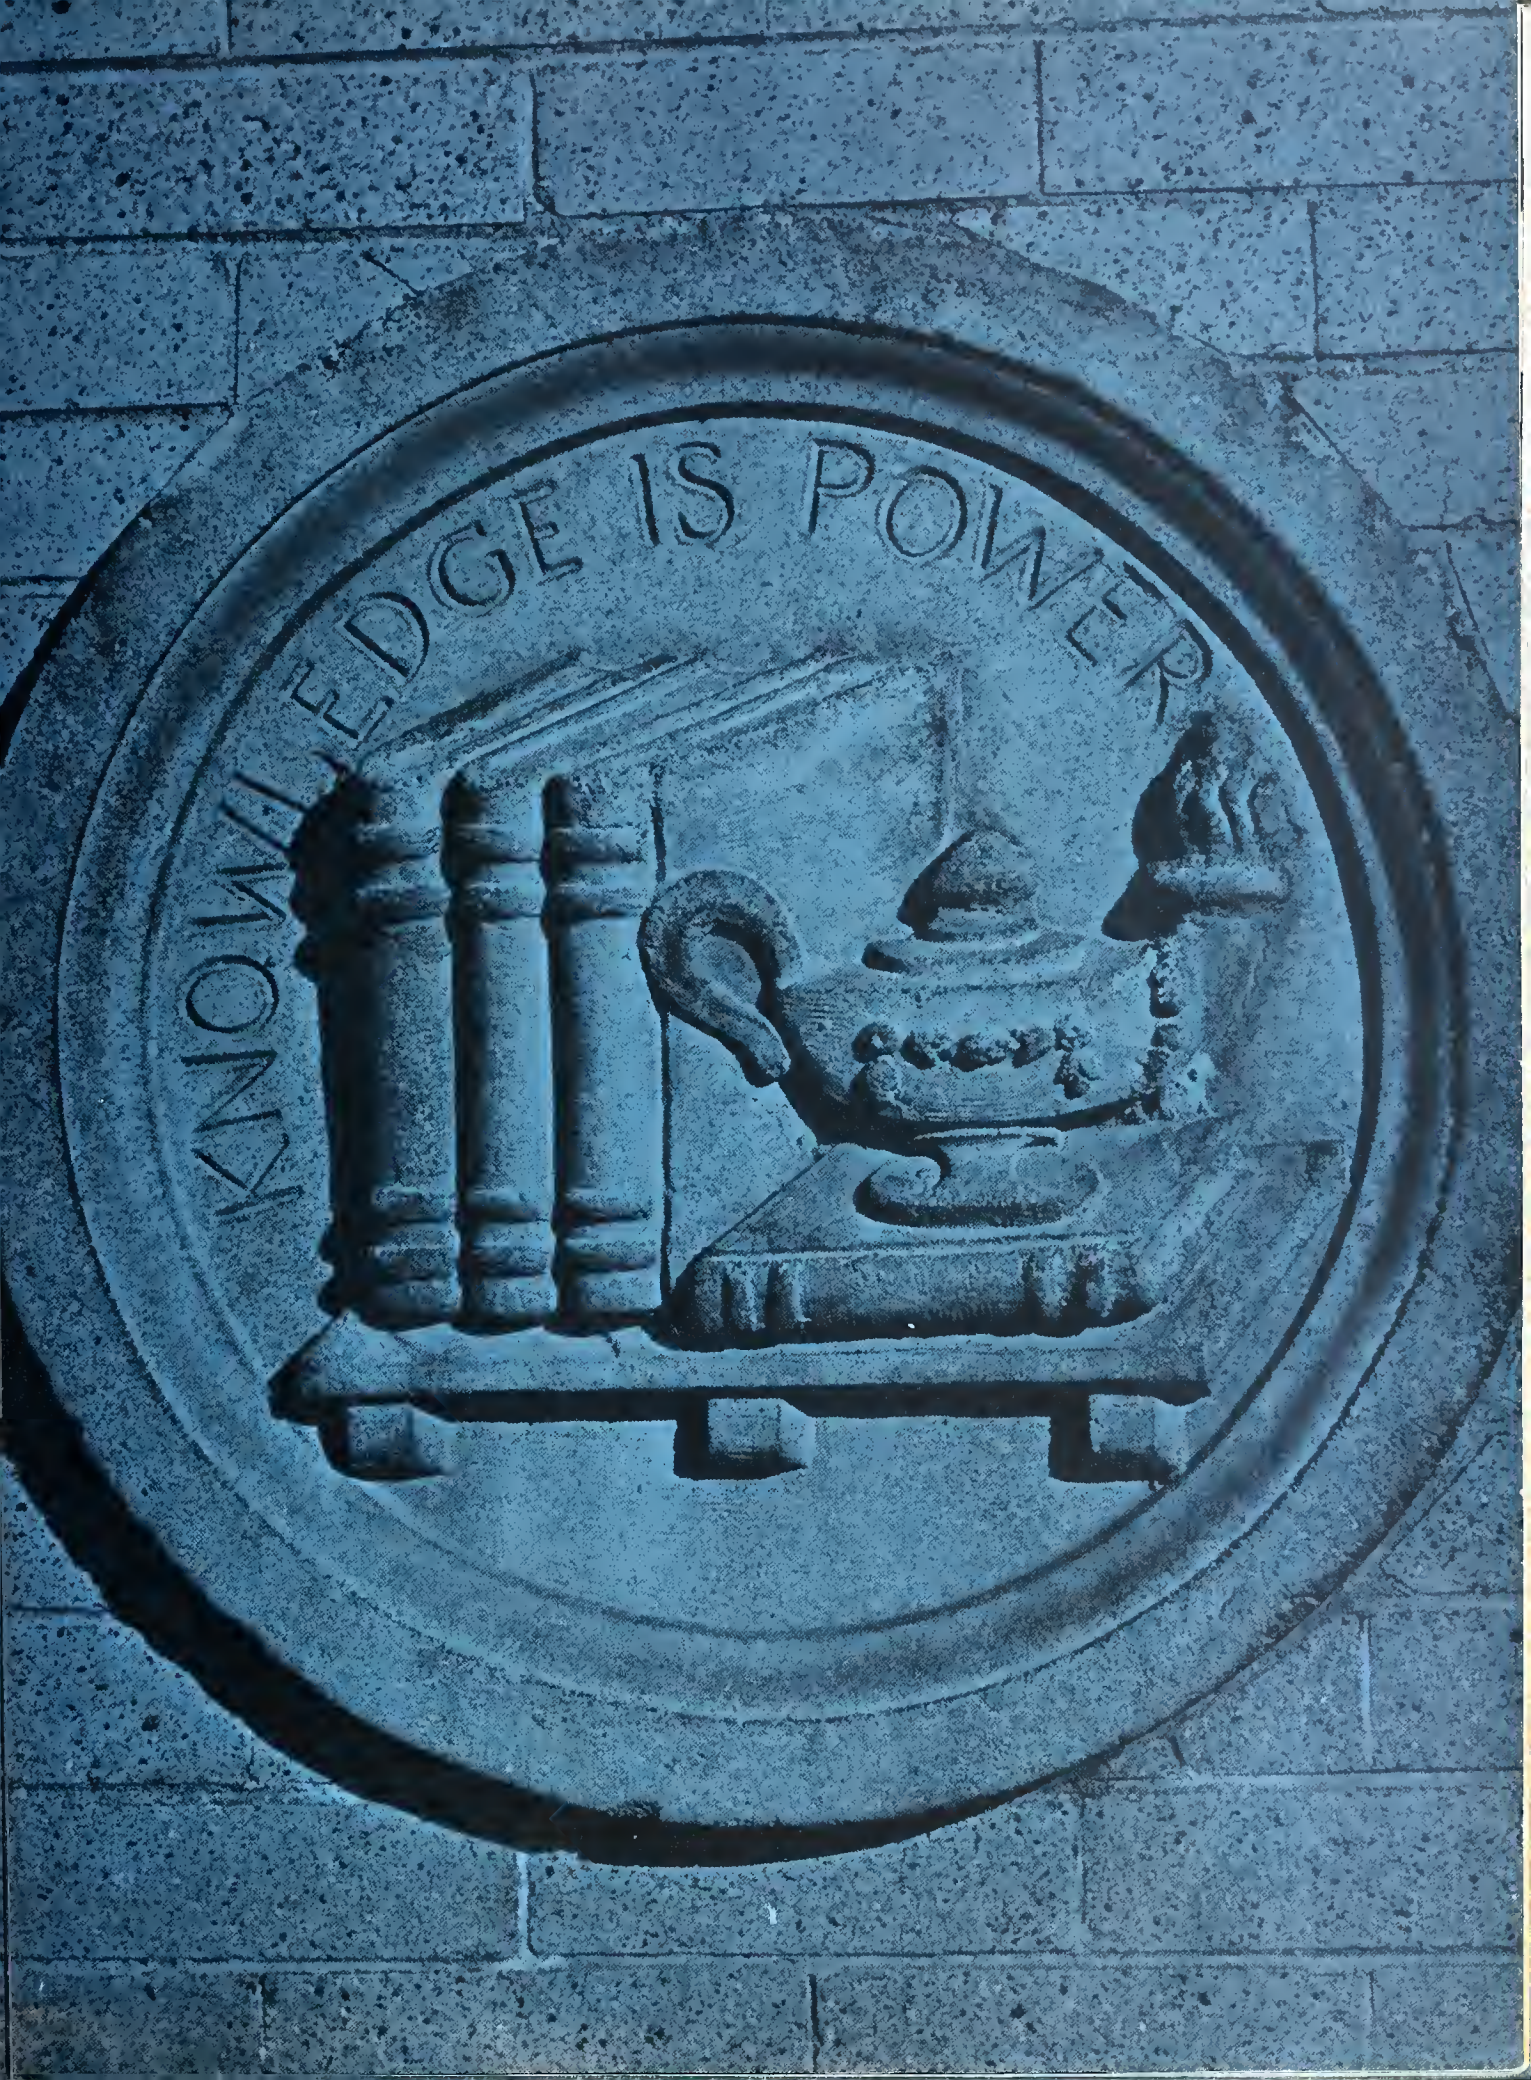

There is always a person who has the character that appeals to all students. Father Beatty is one such man with forte divided among many talents. His spirit and force embrace a heart so big that it can harbor the problems of bewildered freshmen, struggling sophomores, confident juniors, or mature seniors.

In profound gratitude for his service as a spiritual leader, instructor and friend we are honored to dedicate the 1970 Falcon to the Reverend Clyde E. Beatty.

Suggestion & Demonstration

As undergraduate students, we realize and seek to acquire certain criteria; certain capabilities. We strive to discover ourselves; to be exposed to different philosophies and to react to them. We feel a need to be both a functional part and a fashioning force in society - - - - a craving for knowledge of what and how to harness available means towards constructive and progressive ends. "The World is our campus," and we need certain essentials to function satisfactorily in it. We need "Power"; the powers of: Suggestion and Demonstration, Balance and Coordination, Concentrated Study and Knowledge, Organized, United Effort, Mechanical Propulsive Power, and Creative Power.

Wherever I found a living creature, there I found the will to power.

Nietzsche

Balance & Co-Ordination

Every man feels instinctively that all the beautiful sentiments in the world weigh less than a single lovely action.

Lowell

Concentrated Study & Knowledge

Knowledge is of two kinds. We know a subject ourselves, or we know where we can find information upon it.

Samuel Johnson

Organized, United Effort

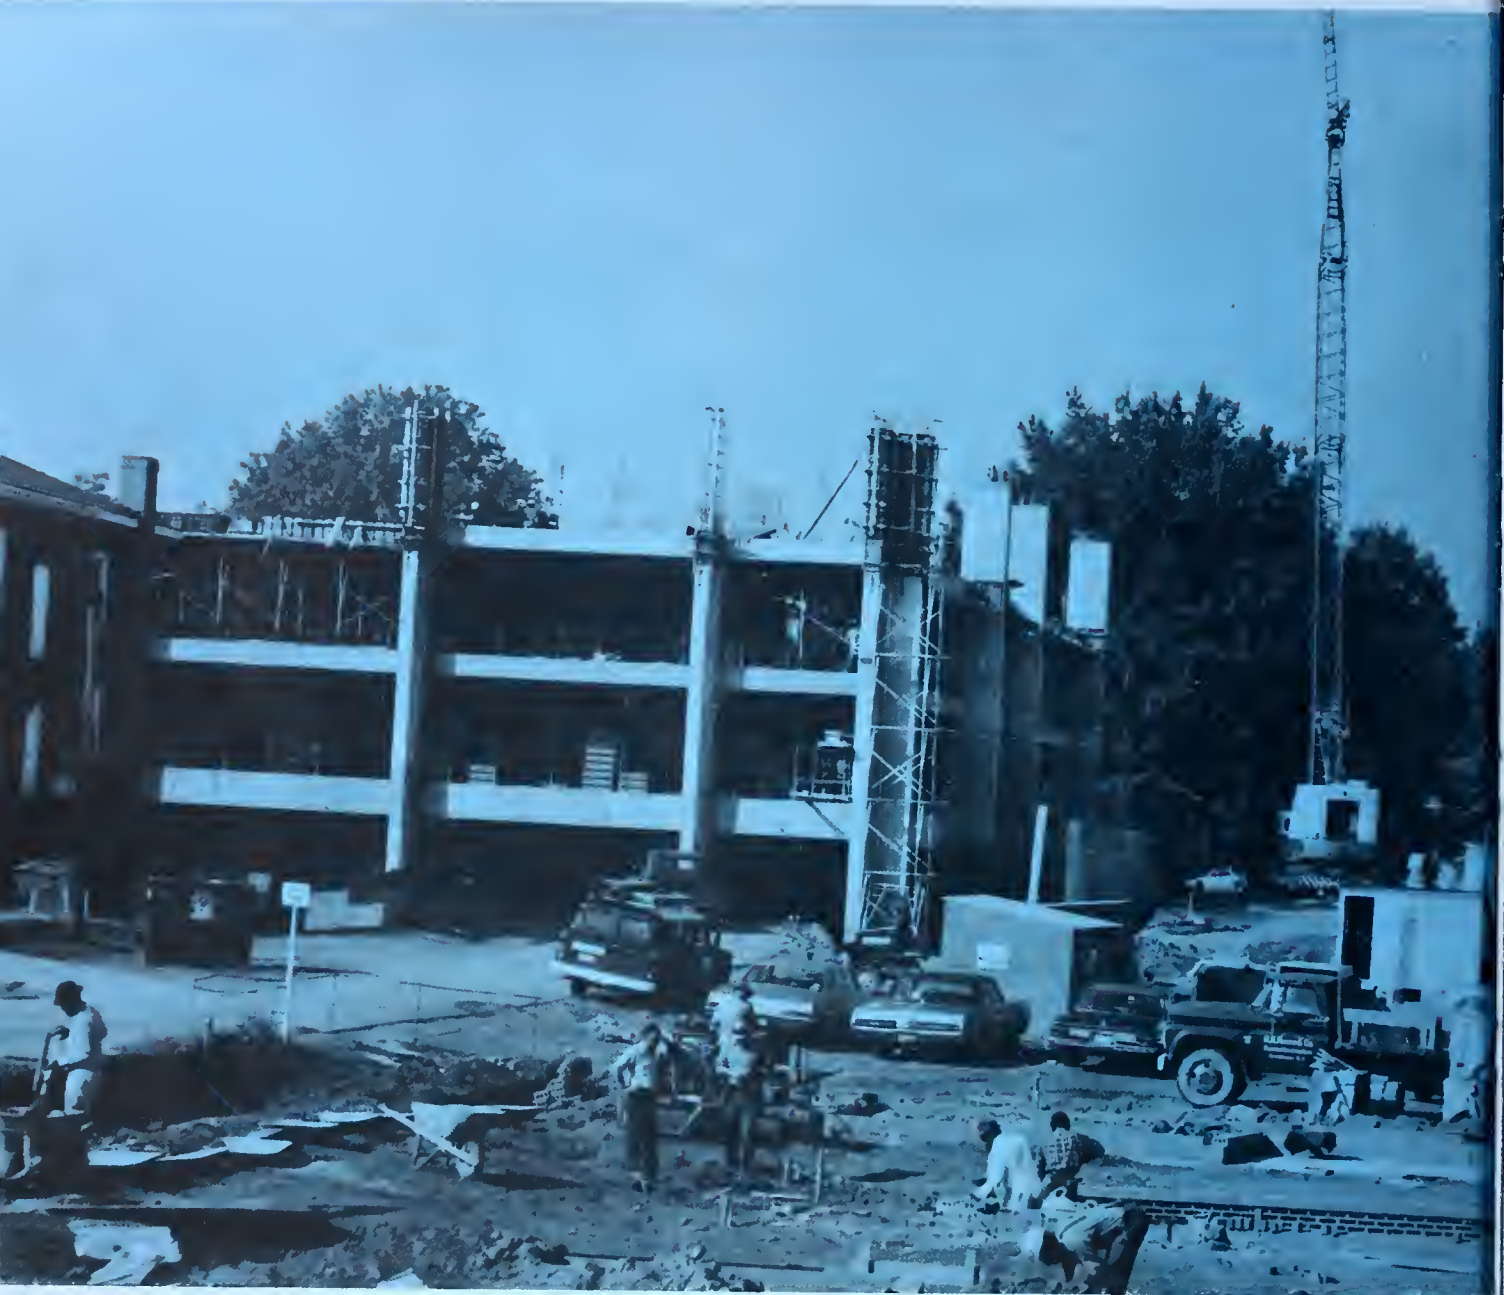

Behold how good and how pleasant it is for brethren
to dwell together in unity.

Psalms. CXXXIII

Mechanical Propulsive Power

A tool is but the extension of a man's hand, and a machine is but a complex tool. And he that invents a machine augments the power of a man and the well-being of mankind.

Ecclesiastes. VII. 29

Creative Power

Imagination disposes of everything; it creates beauty, justice, and happiness, which is everything in this world.

Pascal

Seniors

And this our most memorable year — our last, the culmination of four years of intellectual pursuit is at an end.

We have survived the turmoil of the years; behind us lie the joys, the lingering sorrows and bitter sweetness of our lives within the walls of this our beloved "St. Aug". It has been difficult but we have learned.

Socializing influences and the demands of critical and analytical thinking have had very stimulative and positive effects on our minds, triggering a surge of energy and power of mind that we itch to unleash in the awaiting world; for we know that we will set an example for posterity.

Basketball

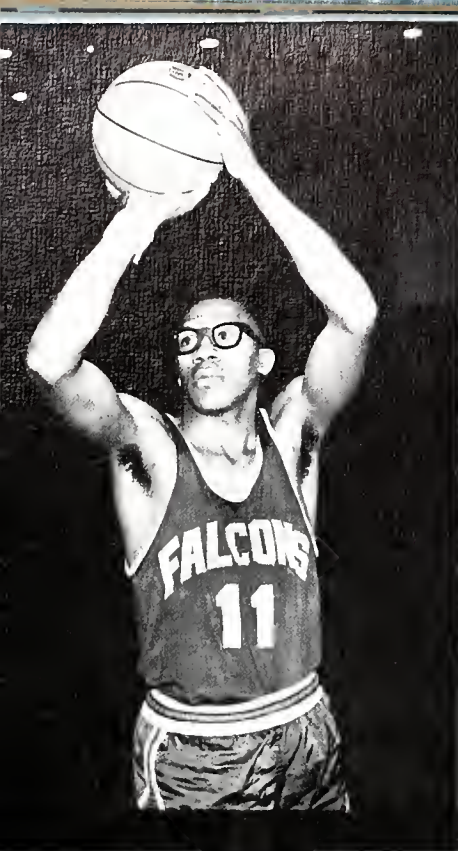

Jessie Clements, Director of Athletics and head coach, came to Saint Augustine's College from Reid High School in Belmont, North Carolina, where for many years he has produced successful teams in basketball. He served as an assistant coach at Saint Augustine's College for three years before he was appointed as head coach of the Saint Augustine's Falcons.

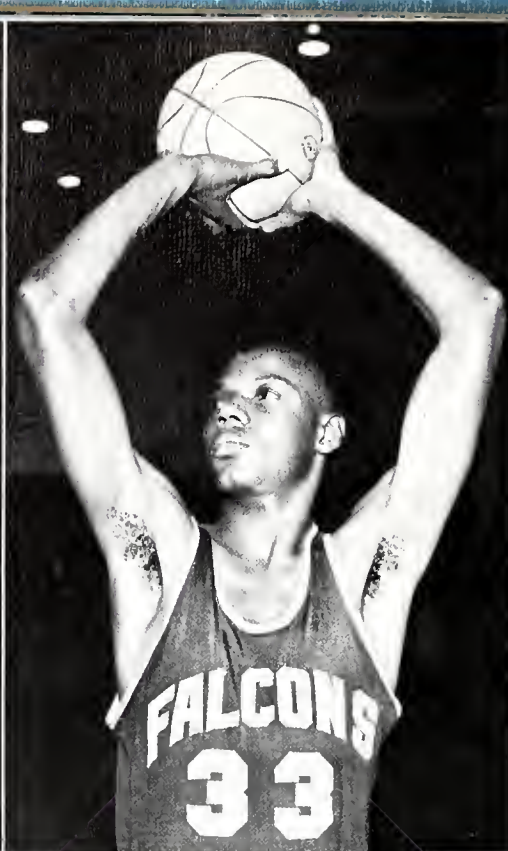

A native of Champaign, Illinois, Coach Clements received his B.S. degree from Saint Augustine's in 1952. He participated in both basketball and football, and was selected "All C.I.A.A." in 1950. He holds a masters degree from the University of Illinois.

In nine years, he has taken the Falcons to the C.I.A.A. Tournament with the 1960 team being the most successful one. In October, 1966 Clements was elected to the Illinois Hall of Fame, and received a plaque and other honors. He is a credit to the entire school system.

The Falcons socks it to the Shaw Bears 80-77

Saint Augustine's Falcons biggest and important win of the season came here Saturday in the Dorton Arena when the Falcons beat the Shaw Bears 80-77. This was by far the most thrilling and exciting game witnessed by the Falcon Fans and also the Shaw Bears (smile). Peter Dickens (42) scored 15 points and nine rebounds helped to spark this victorious win.

Curtis Pritchett, a 6'5" sophomore forward from Blackstone, Virginia missed a lot of action last season because of a knee injury. But his knee is strong now and he should be a strong contender for ALL-CIAA. Pritchett is No. 34.

LECONTE STOVER — A 6'5" junior forward from Durham is one of the better shooters on the team. He has been working hard on his defensive game which should strenghten our defense overall.

William Fleming's aspiration for two points is halted by ALL-CIAA champ Gail (13).

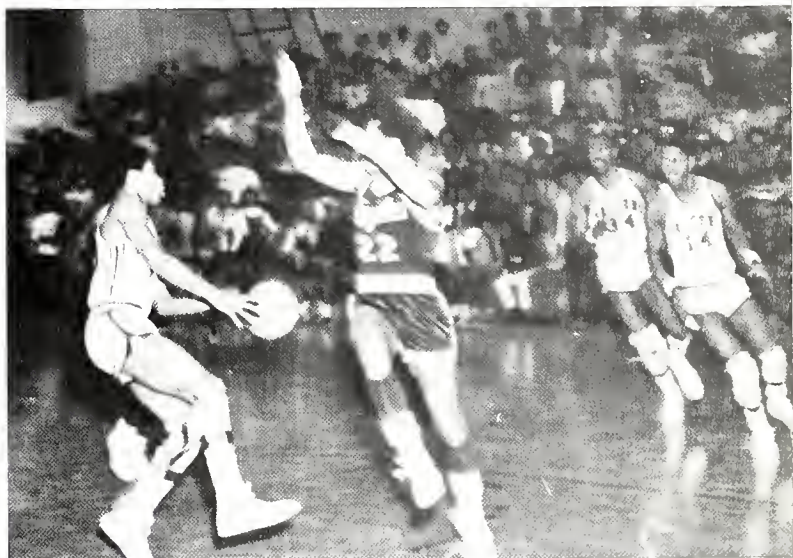

Gaylord shoots jump shot for two points.

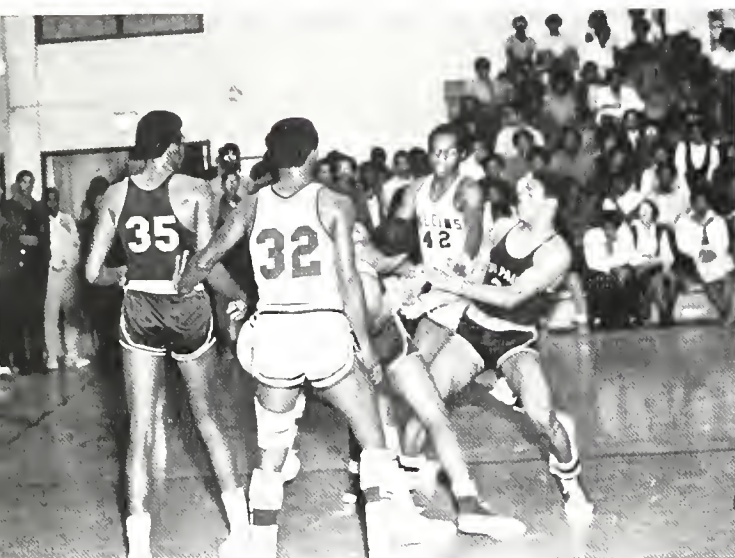

Gilmore just can't seem to get rid of these fellows.

Brown handles ball for the Falcons, Gilmore (24) and Stover (14) comes to his rescue.

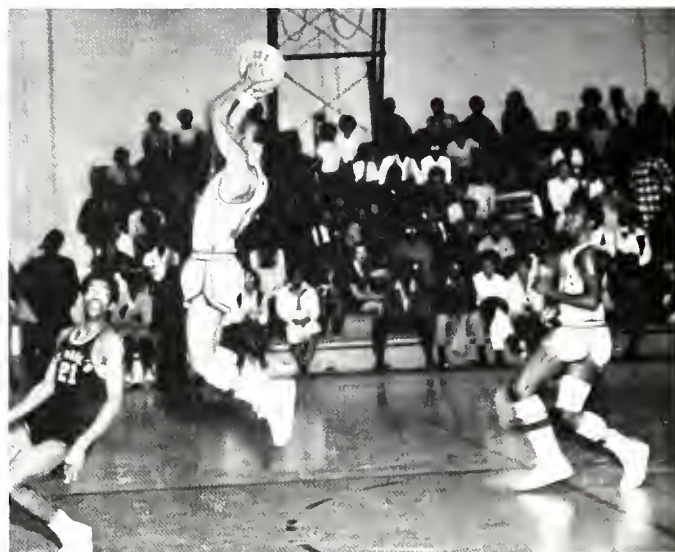

Oh yeah! Curtis Pritchett seems to say.

The Falcons never quits; always fighting.

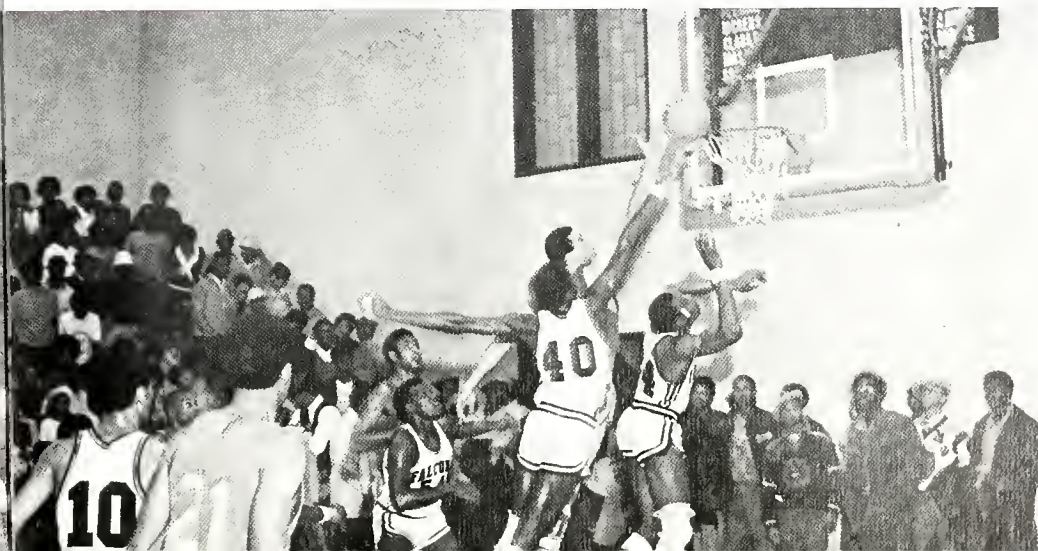

Leo shoots two for the "Aug".

Leo Mackie, the field general of the team, scores two points on a steal from St. Paul.

William Fleming, a 6'5" forward from sophomore is the most improved player from last season scores two points against St. Paul.

A Falcon and an Aggie fights for the rebound.

The team is nationally ranked. The trio of James Williams, Harold Rodgers and Claude Scott have placed this team among the top schools in the country. Harold feels that the team has the best personnel in the state. The foil team is strong with such stars as Michael William, Howard Toomers, and Harold Rodgers. There are a few new freshmen who have been doing an excellent job such as William Kilson and Floyd Knox. Claude Scott is perhaps one of the best fencers of all time. He has been the North Carolina State Epee champ for three years. In addition to Harold's fencing, he is also an excellent basketball player and a chess champ.

Sports Head Trainer

Sammie Burley, Head Trainer, came to Saint Augustine's College from Mays High School in Miami, Florida, where he acquired the skills that helped him perform successfully as trainer for the past two years. Queens

The arresting countenance, the warm smile

The stalwart of many a man

A cherished companion from the beginning of time

Regard her eyes, her lips, her tread – radiant, poised
and elegant

She is a warm magnanimous specialty.

That touch of femininity and delightfulness exudes
with such profusion

– A generator transmitting a billion watts of power

The loveliness, grace and vibrant personality of the
woman invoke adjectives such as impelling, arresting,
magnetic and suggestive. Words that simulate the true
effect of a charm and appeal that is only native to a
queen. – A delightful tingle to our fancy.

"The Way The Twig Is Bent The
Tree is Inclined."

And these early years find us still in a very fashionable or mouldable state of being. An alert mind, a differentiating brain and an open heart will filter quality nourishment to the soul. These years of hopes, endeavors and frustrations are but our footstools toward the tangible and personal aspirations of the future. We take this business of "prospecting" seriously.

Vietnam Moratorium

Saint Augustine's students assemble to make their march on the North Carolina capitol in protest.

The year 1969 saw many happenings, not the least of which was a nationwide moratorium to protest the war in Vietnam. On a brisk October 15, several hundred students marched from the campus to downtown Raleigh to demonstrate their support for the moratorium. Short speeches were made and a joint St. Aug.-Shaw position statement was read. This action is indicative of the increased involvement on the part of the students at St. Aug.

Students from Saint Augustine's, Shaw, and Raleigh high schools join together downtown for the protest march.

Amanda Ambrose

We are proud once again to open our 1969-1970 Lyceum Series with our beloved Amanda Ambrose. To label her, you would probably term her a jazz singer, but one with a most unique and arresting style. Her versatility is profoundly demonstrated when she captivates her audience with a blend of ballads, blues, jazz, rock and gospel music.

FROM LEFT TO RIGHT: JoAnn Johnson, Freshman, Business Administration major from Chicago, Ill., and Metoff Attmore, Freshman, Art major from Brooklyn, N.Y., get autographs from Miss Ambrose.

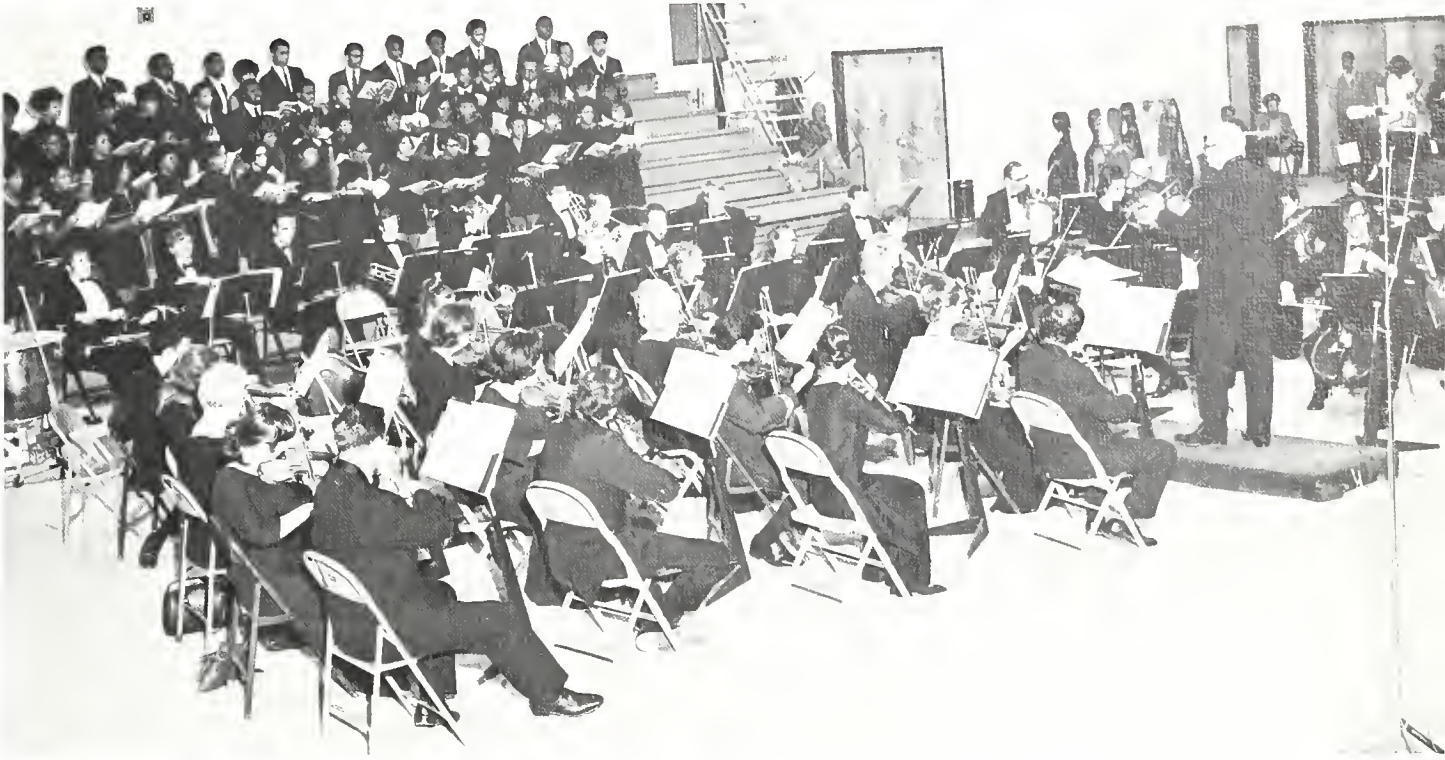

George Riabikoff

George Riabikoff, European pianist of world acclaim, appeared at Saint Augustine's in its second lyceum program of the year. Riabikoff comes from a musical family, related to Tchaikovsky and Rachmaninoff.

N. C. Symphony Orchestra

One of the main features of the Lyceum Series was the North Carolina Symphony Orchestra, who featured jointly with the Saint Augustine's College Choir under the expert baton of Benjamin Swalin and Addison Reid.

John Lewis Trio

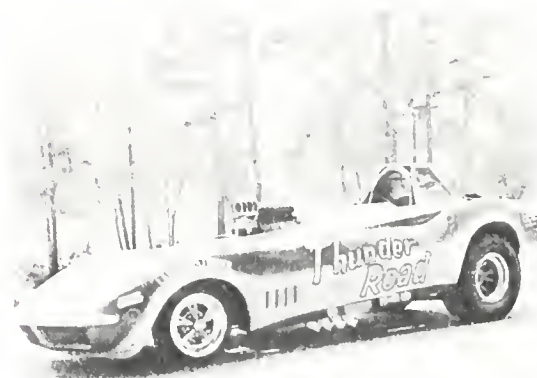

Another feature of our Lyceum Series was the John Lewis Trio, who stimulated the audience with a delightful arrangement of jazz tunes. The three entertained with enjoyable music for a full hour. They left the audience astonished and perplexed by their versatility.

Dee Simmons

Dee Simmons, the South's only Black funny car driver visited Falconland and exhibited his Flip Top Corvette "Mister Thunder Road" in route to the Gainesville Dragway, Florida. Division of Humanities

The study of English as a discipline of the humanities has as its intent the development of the student's individual ability to read, to think and to write effectively. To this end, the student is trained in oral and written expression and in the analysis of literature. The literature of the Western World, particularly of Great Britain and America, is studied in its historical context and as expression of the human condition. Specifically, literary study attempts to awaken and discipline one aspect of aesthetic taste, and to use that taste in an assessment of the timely and timeless aspects of cultural heritage. The study of speech and composition as intended to identify and promote the use of the language as a tool and as an art.

The Division of Natural Sciences and Mathematics includes the Departments of Biology, Chemistry, and Mathematics and Physics. In these departments, students may pursue courses of study that provide a broad foundation in the biological and physical sciences and mathematics. Through course work taken in the various departments, students develop an appreciation of (1) the scope of the living world and the laws that govern it, (2) the inter-relationship of scientific knowledge, (3) the development of scientific concepts, (4) the scientific method, and (5) the contributions of science to the betterment of mankind.

Organization

If the most important endeavor in which any student body participates is academic work and study, then a close second must be the social life and extra-curricular activities in which the student participates.

In many campus organization and activities, the student must apply what he has learned in the classroom. But, not all activities fit into this category. Many exist partly for relaxation. The following pages show, in part, how Saint Augustine's College students spend their time relaxing, working and utilizing their skills. By participating in the various activities and organizations of the college, life long friendships are established.

Veterans Club

The Saint Augustine's College Chapter of Phi Beta Lambda consists of students in the department of business. The purpose of this organization is to encourage academic excellence, strengthen confidence in students, enable them to compete favorably with their associates, develop qualities that will enable them to participate effectively in business, professional, and community life. The chapter here on campus sponsors such activities as panel discussions, forums, lecturers, and luncheons. The club this year boasts a membership of fifteen national members.

The History club was organized during the 1967-68 school year with Quintard Taylor as its first president. Its purpose is to stimulate history majors, as well as other students, to do constructive projects for the betterment of Saint Augustine's College and Raleigh community.

During our first year, we had such projects as voter registration, outstanding speakers and historic trips. Consequently, we were awarded a certificate as the most outstanding club on campus. The club is fastly growing.

English Club

The study of English as a subject of the humanities division has as its intent the development of the student's individual ability to read, to think, and to write effectively. Since English is indispensable for learning in all areas, the English Club is open for anyone who wants to join and not just English Majors. The English Club strives to bring in people to give us their ideas on certain areas of the English language.

We have come a long way, progressing slowly, but surely. The English Club worked hard and very diligently last year to make our worthwhile efforts exceedingly profitable. We will continue to work hard to make things better and as old members graduate, we hope that the new members will do an even better job. The English Club shall strive on and on to prove itself worthy as an organization on Saint Augustine's Campus.

Alpha Phi Alpha, the first black fraternity, was founded on the campus of Cornell University, Ithica, New York, on December 4, 1906. The racial cleavage, characteristic of this period, had stimulated seven bold black students to form a group for minority people to insure mutual helpfulness.

These seven students are known to members of the fraternity as Jewels. Their courageous act was the initial step toward forming other fraternities.

The ideas and principles upon which this fraternity was founded influenced many great men to join. Besides brotherhood, Alpha Phi Alpha Fraternity is based on knowledge and achievement. All Alpha men are scholars, gentlemen, leaders, and above all, uprighteous.

STANDING (left to right): Zelma Young, Anna Simpson, Corrie Templeton, Nellie Chapman, Joan Wood, Francina Caldwell, Marcia Sexton, Pernell Smith, Jacqueline Huggins. SEATED: Vivian Anderson, Willie Jean Elder, Mary Crandell, Valeria Beal, Nancy Otey, Patricia Foster.

Gamma Xi Chapter of Alpha Kappa Alpha Sorority, Inc., was founded on March 26, 1949 here at Saint Augustine's College. As in previous years, the members of the chapter have carried on traditional projects. We presented a cheer basket to a needy family in observance of the Thanksgiving holidays and toys to the children of the Governor Moorehead School during the Christmas holidays. In October of this year, the chapter sponsored its Second Annual Greek Orientated Freshmen Reception. The project of which Gamma Xi is extremely proud is the erection of a plot on the angle at Saint Augustine's in commemoration of Gamma Xi's birth.

Gamma Xi chapter has planned many other projects for the remainder of the year which include the donation of a series of children's educational books to the Governor Moorehead School, the sponsoring of a "Park Day" for the children of Tuttle Community Center, and hopefully the sponsoring of a "Pink and Green Ball" featuring internationally famous Soror Carla Thomas.

Gamma Xi Chapter now boasts a membership of eighteen Sorors. Alpha Kappa Alpha women hold as their guiding light the motto: "Advancement through knowledge and Achievement."

Delta Sigma Theta, is a National Greek-letter sorority founded at Howard University in Washington, D.C., on January 13, 1913. The founders envisioned an organization of college women pledged to serious endeavors, community services and to promote high cultural, intellectual and moral standards among its members of the larger society in which it existed.

Today there are over fifty thousand members and more than three hundred chapters in forty states and in the Republic of Haiti and Liberia. On January 12, 1963, at its fiftieth Anniversary celebration in Washington, D.C., President John F. Kennedy, the guest of honor, congratulated the organization on its service to the country.

Omega Psi Phi

Omega Psi Phi Fraternity was founded on the campus of Howard University on November 17, 1911. The purpose of our fraternity is to mold and shape young college men, who meet the general and specific standards of Fraternityship, into a finer product — a whole man.

Phi Beta Sigma Fraternity Inc., was founded January 9, 1914 on the campus of Howard University, Washington, D.C. Beta XI Chapter was organized here on St. Augustine's campus in 1944.

The motto of the fraternity is "Culture for Service and Service to Humanity." For the men of Sigma this is more than a motto, it is a personal mode of living, in that all activities are undertaken with the idea of rendering service. Sigma has been energetic in educational, social and business programs geared towards the betterment of our fellow black man and society as a whole.

We are pioneers of the tutorial program here at the Aug., we sponsor an annual Xmas party for the Orphans of Oxford Orphanage, conduct workshops for black businesses, provide scholarships to deserving students and issue a calendar of events for the convenience of the students. Our chapter is a dynamic and growing one, and above all "relevant" to the needs of the community.

Kappa Alpha Psi

Kappa Alpha Psi Fraternity was founded on the campus of Indiana University in Bloomington, Indiana, January 5, 1911. The chief aim of Kappa Alpha Psi is to provide the climate within which students may acquire a sound moral, intellectual and social basis for effective living. Kappa Alpha Psi seeks to implement this aim by exerting beneficial influence upon the attitudes of members and pledges; providing leadership training, assisting choice of careers curricula, encouraging ACHIEVEMENT, fostering sociality and inculcating principles of democratic living. Therefore, Gamma Omicron Chapter impresses unity among its' members, perseverance toward its' goal, and Phi Nu Pi as its' motto.

"The Constitutional Convention" of Gamma Sigma Sigma was held at the Beekman Tower in New York City, on October 12, 1952. For three days the girls at this first convention devoted their time to devising a national constitution acceptable to all. It was hard work, but those present at the meeting were determined to produce a constitution worthy of the principles of the group.

Thus the purpose of this sorority shall be to assembly college and university women in the spirit of service to humanity. It shall serve to develop friendship among women of all races and creeds through working side by side and through the fulfillment of these goals common to all. The sisters here at St. Aug. have helped at programs, made it so your "Sunday best" didn't get dusty in chapel, held activities for the community such as the "can food dance" and the "egg hunt", worked downtown at the library. The list goes on showing how the sisters of Gamma Sig strive to put their motto, "Unity in Service", into their everyday life.

Pen Staff

Roosevelt Mosely, Editor-in-Chief

The "Pen of Saint Augustine's College" has had a strange but informative history. At one time the Saint Augustine's College Newspaper was known as the "Falcon". When the Yearbook acquired the name of the "Falcon", the newspaper took on the name of the "Pen". In 1967, under the editorship of Danny L. Scarborough, the name was changed to the "Pen of Saint Augustine's College". Until this date, it has retained this name. In December of 1967, we became involved and we participated vigorously in a conference at the Sir Walter Hotel. At this conference, Saint Augustine's College and numerous other colleges got together and published a paper.

As editor, I have involved the staff in the activities of the Raleigh Cooperative Council, which is composed of newspaper editors from Shaw University, Meredith College, Saint Mary's College, Peace College and North Carolina State University. Through this organization, the newspaper editors can exchange ideas and look hopefully toward producing a magazine. The Pen of Saint Augustine's College is also a member of the Student Newspaper Project, an organization designed to improve Black Students' newspapers.

For the first time the Pen of Saint Augustine's College has made a community commitment. We now deliver newspapers to the immediate surrounding area of the school. We endeavor to include news that pertains to the community too. This effort is an attempt to bridge the gap between the college and the community.

We would like to thank Mrs. Keck, Mr. Hinton and the Carolinian Staff for their cooperation.

Visit With The 1970 FALCON Staff

The spring of 1969 announced the birth of the 1970 Falcon as the Co-Editors started planning and organizing the 200 page book. The Falcon was the kind of massive project its creators looked back on and wondered how it was ever published. Thousands of labor hours, headaches, heartaches, trauma-inducing situations, and "fun" combined with the growing experience of working with a wide variety of personalities and the real dedication that only staff members can appreciate, served to bring about the success of this effort. The yearbook office became home for us and here we experienced that which no one except those who have worked on the Falcon could understand. Only those who have immersed themselves in an all-night effort to complete a deadline could understand the pleasure of contributing something. An editor's appreciation to those who stayed with their jobs "through thick and thin" is a hard thing to put into so many words, but it is felt just the same.

No yearbook is ever completely new. This yearbook too, has similarities to the previous Falcon, but there have been changes. Probably the major changes have been the extensive use of color, and freshness and creativity of the format and copy. We have sought to give a "new look" to the book and have strived to encourage greater involvement of the student body.

This year for the first time we participate in the Southern Regional School Press Institute and College Communications Workshop. In this Institute our 1969 Falcon will be judged by competent judges whose expertise compares favorably with the best in the nation. We hope to vie well for the award of most outstanding publication in the College Division.

Finally we would like to thank the Administration for their willingness to listen to our problems and complaints.
